

LIST IN MINE HORROR GROWS

Death Rate Is on the Increase, and Some Bodies Are Recovered.

PITIFUL SCENES

Men Were Killed by Fire Damp While Eating Dinner.

THE WORK OF RESCUE

(Special By Scripps-McLain)
Johnstown, Pa., July 11.—At dawn today the bodies of forty victims of the Cambria mine horror were brought to the surface. The rescue party had counted forty more, but they were unable to get them owing to the deadly gas that fills the entire mine.

Other Bodies There
Estimates of the death rate reach in over 150 are now considered meagre. Some of the party say that they saw over a hundred more bodies that were beyond their reach.

Pathetic Scenes
The scenes around the mouth of the mine are heart-rendering as the bodies are brought up. Mothers and wives and children of the dead miners gathered at the mine early this morning and when the first body made its appearance they broke into tears and lamentations.

Police Necessary
The entire police force of the city and of the Iron Co. is necessary to keep the women from the mine itself. They are frantic with grief. The faces of the dead are all scarlet and the poor fellows had their stiffened hands uplifted to their faces. The head of one was completely blown off.

More Bodies
At eight seven more bodies were brought up. This makes twenty-six identified in all. All the dead thus far found were sitting at lunch when the explosion came and their open dinner pails and scattered food show that their lives were snuffed out quickly.

Like A Hurricane
It is evident that fire damp swept down upon them with tremendous force. Most of the victims are foreigners.

Only Four Saved
Beyond the four men in the hospital it is almost certain that not one man escaped alive.

Due To Fire Damp
Officials of the Cambria mine have made a statement that the explosion was due to fire damp and that the number of dead would not exceed eighty.

Driven Back by Gas.

Driven back by poisonous gases, the rescuers, many of whom were overcome, have fought their way back through the workings, carrying canvas shields to close side passages so the big fans could remove the gases. Four unconscious men, still alive, were brought to the surface.

This is Johnstown's second appalling disaster. It is only less frightful than the calamity of May 31, 1889, in loss of life.

How many are dead it may take several days to fully determine, but that it is a long and shocking list is certain. It was nearly an hour after the explosion before any general knowledge of what had happened got abroad. Men who came from the mines, escaping with their lives, told the news.

In hundreds of homes there were pathetic scenes. Hundreds of persons rushed to the "Point" and awaited news that did not come from the ill-fated mine.

Permit None to Enter.

At the opening across the river from the "Point" the Cambria Iron Company police stood guard, permitting no one to enter the mine, from which gases were coming.

Mine Foreman Harry Rogers, his assistant, William Blanch, and Fire Bosses John Whitney, John Ratall and John Thomas were overcome by the gases, and it is believed they perished in an heroic attempt to rescue the miners.

The 15 year old son of Harry Rogers, when he heard his father had been overcome with after damp, started down toward the "Klondike" to help rescue him if possible, and he had no sooner entered the drift when the gas overcame the lad and he had to be carried back.

Boy Rescuer Overcome.

Young Rogers, who is employed in the mine, was among those who escaped through the Mill creek shaft. Two men who had escaped unhurt from the mine, Richard Bennett and John Meyers, went back to see what assistance could be rendered, but the damp drove them back, and they fell prostrate when they finally, after a desperate struggle, reached the outside.

Their story of the situation in the main made it clear that rescue work could not proceed from the Westmont opening, and then hasty preparations were made to begin the task at the Mill creek entrance of the mine, five miles away.

The few survivors describe the condition as frightful. Outside of the Klondike the mines are safe and uninjured. Within the fatal limits of the mine the havoc wrought by the explosion is such as beggars description. Solid walls of masonry three feet thick were torn down as if barriers of paper. The roofs of the mine were demolished and not a door remains standing. Miners who left the mine by way of the Mill creek entrance brought stories of crawling over the dead bodies of their comrades.

These Men Are Heroes.
The stories of the men who escaped are wonderful. Tom Foster, an assistant foreman in the Klondike, was among the first to emerge from the Mill creek shaft. Shortly after, Powell Griffith, a fire boss, came up. Foster was in his office when the explosion occurred. His first thought was for the safety of the men under his charge. With the help of Roberts, an effort was made to replace a few of the shattered doors. All the while the fire damp was closing around them. Through galleries into headings, warning and helping, the two men went. Roberts fell, but Foster staggered on. He met Powell Griffith, a fire boss.

Forward they went, dragging a comrade into a possible place of safety here, giving a word of warning there, until human endurance could stand the strain no longer. Exhausted, they staggered into a heading where the fire damp had not entered. There they rested for a moment and then plunged forward, until finally they wandered into a water level and through it reached a place of safety.

Two Waupaca young men organized a snipe hunt for the benefit of some Missouri girls to whom fishing nets were given to catch the snipe as they ran down the road. The hunt was less successful than the joke.

STRIKERS ARE IN A FEVER HEAT

Waiting on the Teamsters' Union To Decide Before Starting Something.

POLICE PREPARED

Two Thousand Blue Coats Are Expecting Riot Call for Service.

THE LOCAL EFFECT

(Special By Scripps-McLain)
Chicago, Ill., July 11.—Nervous doubt unshrouds the result of the freight handlers' strike in this city. The freight men are waiting for definite word as to the stand that the teamsters will take and then they can lay their plans accordingly.

Will Arbitrate
The railroads are willing to arbitrate and the freight handlers have agreed to abide by the decision. Thus far, however, the representatives of the road have put in no appearance and the strikers believe they are being fooled.

Police Ready
In view of the excited condition of the freight men the police of the city are being held in reserve and two thousand patrolmen are under orders for a riot call to proceed to any part of the city.

TEAMSTERS JOIN FREIGHT STRIKE

Consignments to Janesville Merchants Come by Express—Trouble Threatens.

The teamsters of Chicago have joined hands with the freight handlers in a sympathetic strike, and one of the most complete and far-reaching tie-ups in recent years is threatened; especially if the teamsters for the express companies should also be drawn into the movement. That is the information that has been conveyed to John W. Grubb, of the Grubb Produce Company, in a letter written this morning from a Chicago wholesale grocery house from whom he had ordered some goods to be shipped by freight today. The shipment was made by express.

Affects Janesville
This is not the first case of this kind that has influenced grocers in this city. For a couple of days past smaller freight orders have been shipped by express to several houses. In several cases absolutely no freight shipments have been received for several days. Others have received cautions that such an event was to be looked for any day.

Freight Regular
Several other houses have been receiving their freight regularly since the second day of the strike. Even this morning goods were unloaded from the cars that left Chicago last evening. But small consignments on the local freights have been extremely irregular. While it is true that the railroads can obtain all the men they wish to take the strikers' places they cannot be obtained ready trained with the same degree of experience as the men who quit the yards.

Ing and strong men can handle the large bulk consignments after a fashion so that the cars can be dispatched from the yards at about the usual time, but this is not true in the case of the smaller orders. There it is that it takes several green men to take the place of one man who has done the work until he understands every detail of it.

Some Goods Delayed
Many firms have received bills for goods that were or should have been given over to the freight depots days ago, and have not yet reached Janesville. This is not so often the case of fruit and of perishable goods as it is of the larger heavier lines of boxed and canned goods.

PLEASANT DAY AT OYSTER BAY HOME

President Roosevelt Plays Tennis and Rides Horseback with His Children.

(Special By Scripps-McLain)
Oyster Bay, July 11.—President Roosevelt disposed of a large amount of correspondence this morning and then had a game of tennis with the children. A horseback ride in which the entire family, with the exception of Miss Alice, followed. The President also received the Pope's reply to Gov. Taft's note but will not make it public until the negotiations with the Vatican are completed.

Her Opinion.
A lady residing in Parkside avenue stopped to admire two kittens carried by a little girl who expressed a wish to get rid of them. "Are they male or female?" asked the lady, with a view to negotiating for their purchase. "Please ma'am," replied the child, "I think they is Maltese."

Edinburgh Bars Spitting.
Two hundred and fifty notices boards are to be erected in the streets of Edinburgh, requesting citizens not to spit on the pavement.

SAVE OLD ROCK FROM DISGRACE

In Spite of Treachery, the Stalwarts Are Still in Control.

CRISIS ABLY MET

Former County Committee Will Continue to Serve Another Term.

ENEMY'S OVERSIGHT

By the failure of the special committee, appointed for the purpose of recommending the names of the members of the new county committee to the county convention, the old county committee will continue in office. T. S. Nolan will continue as its chairman, having been re-elected by yesterday's convention, and W. A. Jackson will still serve as secretary, the convention having taken no action regarding the election of a secretary.

The continuance of the old committee in office involves a point of law over which some of the delegates were inclined to make a contest yesterday after the close of the convention. The law requires that the members of the county committee shall be elected by the county convention while L. E. Gettle insists that the special committee was authorized to make appointments.

The motion on which the special committee was appointed was made by Cham. Ingersoll, of Beloit and was to the effect, a committee of two delegates from each assembly district should be appointed to report to the convention the names of committee men from the several wards, towns and villages in the county.

This motion was carried and Simon Smith, of Beloit the chairman, desiring to conciliate both factions appointed L. E. Gettle and John L. Fisher of the first assembly district; O. D. Rowe and H. S. Gilkey, from the second; and E. F. Hanson and George Seegmiller from the third.

The committee retired but before they returned to report the convention adjourned. The La Follette delegates, doubtless ignorant of the law, made a protest against the adjournment and the Stalwarts were perfectly willing to keep quiet as they are perfectly satisfied with the old committee in which they have at least three-fourths of the members.

The Stalwarts consider the retaining of the county committee with T. S. Nolan as its chairman as the signal victory of yesterday's convention. All of the effort of the La Follette delegates and their trading and combining was with the supreme object of overthrowing Mr. Nolan and the Stalwart committee. It was to save Mr. Nolan and the rest of the Stalwart ticket that Wallace Cochrane offered to withdraw from the race for sheriff and the leaders accepted the offer because they deemed it better to sacrifice one man than all interests of conservative Republicanism in Rock County.

The county committee remains Stalwart by a strong majority. Even as it now stands the executive committee is a Stalwart committee and chairman Nolan will doubtless see that the necessary changes are made to procure a unanimous Stalwart sentiment in the executive committee. The Stalwarts only lost one and possibly two offices on the county ticket by yesterday's enforced compromise so it is difficult to see where the LaFollette howl of a great and sweeping victory comes in.

SET AUGUST NINTH FOR CORONATION

King Edward's Improvement Continues Satisfactorily, and Physicians Are Encouraged.

(Special By Scripps-McLain)
London, July 11.—The King continues to sleep well and is improving in every respect. His physicians are much encouraged over his chances for recovery.

Now August Ninth
The Liverpool Post in speaking of the King says that he is anxious to hurry the coronation that it may be held on August 9th. The doctors believe that it would be an advantage to have it over and off his mind as His Majesty worries much over it.

DISEASE MAY FOLLOW FLOOD

Des Moines Under Water, But Danger Is Now Less.

LOSS IS MILLIONS

Valuable Machinery Ruined by Water, and Thousands Are in Want.

THE WATER IS FOUL

(Special By Scripps-McLain)
Des Moines, Ia., July 11.—The flood situation that threatened the city yesterday is not so imminent as the river now remains at about the same level. The river in some places is about two miles wide and the water is black and foul.

Disease Feared
Owing to the foul water it is feared that disease will break out when the water recedes as the sewers are all choked up and the sewage is filling the cellars.

Boats For Travel
Boats are used in many portions of the city for travel and in reaching the houses of families that have refused to leave their homes. Hundreds were compelled to sleep in the parks last night having no other place to go.

Great Want
It is estimated that fully three thousand persons are seriously affected by the flood and will have no food and money for some time to come.

Millions Lost
The property loss will amount to a million dollars. Several large brick buildings filled with machinery were submerged and the machinery ruined.

GREAT HENLEY REGATTA OVER

Diamond Shells Remain in England for Another Year at Least.

Henley, July 11.—The final heat for the diamond shells was rowed today between Etherington-Smith of the Leander Rowing club and F. S. Kelley of Oxford, who yesterday defeated C. S. Titus of the Union Boat club of New York.

Etherington-Smith led for a mile, when Kelley rowed him down and won by two and a half lengths. Time, 8:55.

In the final heat for the grand challenge cup, Third Trinity, Cambridge, beat the Leander eight by a length and a half. Time, 7:17. Third Trinity had the Berks side, which was the unfavorable position today. This crew set the pace, however, and led the Leanders all the way.

The attendance on the last day of the regatta, according to estimates, broke all records, owing to the promise of excellent racing in all the finals. A big gale was blowing off the Bucks shore, giving a great advantage to that station.

In the final for the stewards' cup Third Trinity beat Leander. In the final for the Ladies' plate, University college, Oxford, beat Eton by half a length after a neck and neck struggle. Time, 7:16, beating the time of the winner of the Grand Challenge cup by one second.

In the final for the Thames cup Trinity hall, Cambridge, beat the Royal School of Mines easily by two and a half lengths. In the final for the Wyfold challenge cup, Burton Rowing club beat Kingston club by two and a half lengths. Time, 7:43.

LEAGUERS WILL HOLD BIG RALLY

FOOTVILLE TO BE THE HOST

Session Starts Tonight and Closes Sunday Evening at Vespers.

Epworth Leaguers of this vicinity will hold a rally at Footville, beginning this evening and continuing until the Sunday evening service and at both the opening and closing services of the convention Rev. James Churm, pastor of the First M. E. church of this city, will be the speaker of the evening.

The rally is to be held in the Methodist church at Footville and a large number of Epworth Leaguers from the First church of this city will be in attendance. For convenience in holding rallies the Janesville district is divided into sub-districts and those interested in the Footville rally are the ones identified with the churches at Evansville, Footville, Beloit, Plymouth, Orfordville and the First church, Janesville. The League of Court street church belongs to another sub-district.

Richards Chairman
Dr. F. T. Richards of this city is chairman of the rally and has had charge of the arrangements. He has been most ably assisted by Rev. Harland C. Logan, pastor of the Footville church, who is also president of the Janesville District Epworth League and consequently in touch with all the best talent in the district. Through his influence a number of especially strong attractions have been secured and an excellent program has been prepared.

Opens Tonight
This evening at the opening session the delegates will be entertained at a banquet and reception given by the entertaining league of the Footville church. There will also be a service of song and praise followed by a lecture by the Rev. James Churm this evening.

Tomorrow morning there will be a social hour and at 9 o'clock the rally session will open with devotions led by Miss Mabel Scott, of Springfield, followed by an address on "Christian Stewardship" by Rev. W. Millar of Evansville. The morning session will close with a symposium on "The Royal Leagues" under which general subject the following topics will be discussed: "His Aim," Miss Flora Richards, Footville; "His Faithfulness," Miss Ella Abbott, Fort Atkinson; "His Relation to Others," Dr. F. T. Richards, Janesville; "His Reading," Miss Cora Wilhelm, of Janesville; "His Giving," Miss Laura Van Hise, Plymouth.

Program Continued
Tomorrow afternoon Miss Alice Millar, of Milton, will have charge of "Experiences Exchanged," Miss Eva Walker of Evansville, will speak on "The Aim of the Devotional Service," Miss Mabel Gott, Springfield, on "Common Rites—How To Avoid Them," and Miss Winifred Edsall, of Fort Atkinson, on "What God Expects of an Active Leaguer." Miss Zoe Cory, of Footville, will give an address on "The Evils of the Liquor Traffic" and the closing feature of the afternoon session will be a question box, conducted by Rev. Harland C. Logan.

Evening Service
Tomorrow evening will be devoted to a missionary service. A song service, continuing from 7 to 8 o'clock, will be followed by two addresses, Rev. C. M. Starkweather, of Milton, speaking on "Open and Effectual Doors" and A. Russell Moore, of the University of Nebraska, on "The League and Missions."

On Sunday
On Sunday there will be five services beginning with the love feast at 9:30 o'clock. Rev. L. P. Bear, of Orfordville, will preach the sermon at the 10:30 o'clock service, and the Junior hour at 3:30 o'clock, which will be open to all, will be led by Miss Alice Millar, of Milton, who is district Junior League superintendent. The vesper service at 7 o'clock will be led by Stanley G. Logan of Footville, and the sermon at the 8 o'clock service will be preached by the Rev. James Churm, of this city.

SAILORS TO FEED ON CHOICE FOODS

Uncle Sam Will Change Jackie's Menu to Better His Physical Condition

Washington, D. C., July 11.—Uncle Sam's men-of-war's men are to have a comprehensive change in their food. Rear Admiral Kenny, paymaster general of the navy, has submitted to Secretary Moody for promulgation the draft of an official order prescribing the components of a new ration to be given to the enlisted men. This draft is based upon the provision of the naval appropriation law, approved by the president on the day of the adjournment of congress. In the navy the ration of the Jackies is prescribed by law, and no deviation therefrom is permitted. Defects in the ration fixed by law in July, 1861, were brought to the attention of Rear Admiral Kenny some months ago, and he obtained the appointment of a board to consider the food of the enlisted man with a view to improvement. It was found that individual members of messes on board ship, in order to make their meals palatable, were compelled to raise funds for buying fresh vegetables and fruits and various delicacies whenever a ship was in port. This measure, purely voluntary on the part of the men, was encouraged by the officers of cruising ships as affording a much needed relief from the insalubrious diet of the law.

The new ration will, Rear Admiral Kenny is confident, do away with any expenditure by the men of their own money. This is what the enlisted men will hereafter eat:

or smoked meat, with three ounces of dried or six ounces of canned fruit, and twelve ounces of rice or eight ounces of canned vegetables, or four ounces of dehydrated vegetables; together with one pound of biscuit, two ounces of butter, four ounces of sugar, two ounces of coffee or cocoa, or one half ounce of tea, and one ounce of condensed milk or evaporated cream, and a weekly allowance of one half pound of macaroni, four ounces of cheese, four ounces of tomatoes, one-half pint of vinegar, one-half pint of pickles, one-half pint of molasses, four ounces of salt, one quarter-ounce of pepper, and one-half ounce of dry mustard. Five pounds of lard or a suitable substitute will be allowed for every hundred pounds of flour issued as bread and such quantities of yeast as may be necessary.

A substitution for the components of the ration may be made under certain circumstances, as follows: "For one and a quarter pounds of salt or smoked meat or one pound of preserved meat, one and three-quarter pounds of fresh meat. In lieu of the article usually issued for salt, smoked, or preserved meat, fresh vegetables of equal value; for one pound of biscuit one and a quarter pounds of soft bread or eighteen ounces of flour; for three gills of peas or beans, twelve ounces of flour or rice or eight ounces of canned vegetables; and for twelve ounces of flour or rice or eight ounces of canned vegetables, three gills of peas or beans." This allowance will cost the government about 30 cents per man per diem and contains everything necessary to support the health and well-being of the men in every climate.

NO MORE DELIGHT THE HUNGRY HOBOS

BELOIT MEN ARE KICKING

Saloon Proprietors in the Line City Bar Free Lunches Under Fine.

Beloit is to have no more free lunch in its saloons. That is the decision that was reached by the Saloonkeepers' Protective association in an executive committee meeting regarding the various interests of the members of that body.

No Free Lunch
Hereafter no saloon keeper in this city may furnish a free lunch. In his place of business that is more extensive than a saloon, however, bologna, rye bread and crackers. Even all four of these are not to be provided at one time.

To Be Fined
A fine of ten dollars will be imposed upon any saloon keeper who shall break this rule. The saloon keepers have felt that some such rule was necessary in their own defence against each other.

BELOIT MAN KILLED INSTANTLY

An Oiler at the Berlin Works, Meets Death While at Work.

A. B. Wheeler, an oiler in the employ of the Berlin Iron Works, of Beloit, was killed Thursday afternoon and his body horribly mangled while at his work. He was working near some gearing wheels and evidently his clothing was caught and he was hurled to instant death. He had evidently been dead for some time when found.

Found By Boy
A boy who was passing the door of the wheel house of the works from which water power is transmitted to the whole plant, saw a stream of blood flowing from the half open door of the building. Summoning a friend, an investigation was made and it was discovered that a man had been entangled in some of the wheels of the machinery. A patrol was summoned and the almost unrecognizable remains were taken to the Rau undertaking rooms.

It Was Accidental
Only conjectures can explain the cause of the disaster and they are altogether inadequate in this case. There seems to be no reasonable doubt but that Wheeler's death was wholly accidental. He had been employed with the works here for a very short time, having formerly resided in Albany, Wisconsin. He leaves a wife, who was formerly a resident of Beloit, prior to her marriage. He was about thirty years of age.

ETHEL FALLS FROM A HORSE

President's Daughter is Dragged in the Mud, but Finishes Ride.

Oyster Bay, N. J., July 11.—There was almost a tragedy in the Roosevelt family. Little Ethel, out galloping with her older brothers, fell from her horse because the saddle girth slipped. She was dragged fifteen feet in the mud, and the few who witnessed the accident thought she would be killed. But her own pluck and horsemanship saved her. She got up unhurt and finished her ride with the boys.

APPLEBY ROYALLY MET AT HOME

BELOIT HAS A CELEBRATION

Red Fire, Speeches, Bands and Singing Topped Off with a Banquet.

Half of Beloit turned out on Thursday night to welcome George M. Appleby on his return home. At the depot when the Janesville train pulled in the nominee for sheriff was met by a large crowd, who were provided with fireworks, old boxes and other suitable bonfire material, two bands and an abundance of lung power coupled with a determination to yell themselves hoarse or perish in the attempt.

A carriage provided with long guide ropes by which the people might pull it was in waiting for Mr. Appleby and he was led to it as soon as he dismounted from the car steps. Cham. Ingersoll and Mayor Simon Smith were also seated in the rig with him, and then the jubilant, yelling mob started up the street in the midst of a burst of music. Red fire was burned in such quantities that it could be seen miles up the river and rockets and roman candles were set off by enthusiastic Beloit people.

Makes Speeches
After pulling the carriage around the streets until they were tired, the leading spirits of the crowd decided that it was time for a little speech making and the occupants of the carriage were in turn called upon. After each response and at any especially happy remark the audience burst into applause and enthusiastic members of the bands would strike up "Hall, Hall, the Gang's All Here."

Finally Get's Away.
By eleven o'clock the fires which had been kindled up and down the streets began to burn low and the more staid citizens returned to their homes. Among others, G. M. Appleby, after bidding the people good night, made good his escape.

Give Concerts
It was about this time that the real celebration of the evening began. A large gang of men and boys headed by about twenty members of the two bands started to make the rounds of the saloons of the city. Stopping at each place a short concert was given consisting of two numbers, the overture being "For He's a Jolly Good Fellow," followed quickly by "How dry I am." The appeal invariably made good.

Supper Served
Somewhat after midnight a sufficient store of refreshments had been collected for the master of ceremonies to declare the procession disbanded and to invite all to adjourn to the Fairbanks-Morse band hall. Shortly before this a delegation had gone to Mr. Appleby's home and rousing him from his slumbers told him to get out of bed and come with them, as they were not going to let him off so easily as he had supposed.

He accompanied them to the band hall and was one of the first speakers called on during the ceremonies that followed.

Song and Music
The scenes and outbursts of song, both vocal and instrumental, that followed, beggar description. It is sufficient to say that it was nearing the hour of the cock crow when the last person turned wearily homeward.

TELEGRAM IS RIGHT.

The public is insistent in its demands. It expects the newspaper to be a pack-horse, a dray team, a ditch digger, a gas inspector, a water tester, a special policeman, a detective bureau, a dog chaser, a sidewalk fixer, a cow finder, a thief catcher, a business maker, a city pusher, a house seller, a paving inspector, a sewer director, a pocket-book finder, a lost article hunter, a canal regulator, fraud discoverer, panic preventer, obituary preacher, chief taffy pouter at weddings and social functions, sporting mascot, fish bar, big egg prevaricator, snake story expander, judge on earliest gardens, business boomer, husband finder, sweetheart securer, school inspector and general-all-round handy man for the community. If fact if there is a single thing of importance to human life and human happiness that doesn't go through the newspaper it has never yet been discovered. It touches every feature of human endeavor from the cradle to the grave. It smiles with those who smile and weeps with those who mourn. It is everywhere all the time the most busy, the most useful of all public agencies. It makes mistakes. All human agencies do. Sometimes it is dishonest. But it stands out so in the glare of the arc light of publicity that it can but succeed if dishonest—and then only for a brief time.

The above from the Adrian (Mich.) Telegram, comes pretty close to being truth, too. But then, the public reads the papers and never takes time to think of such things.

HONOR DEPARTING PRIEST

The St. Patrick's Church Choir Show Appreciation of Father Collins. The St. Patrick's church choir perpetrated a surprise on Father J. J. Collins last evening, and presented him with a set of four volumes of the book that are used in the church services. Father Collins was much surprised at the gift and spoke of the kindly feeling that had always existed between the members of the choir and himself. The evening was spent in amusements of various kinds and all had an enjoyable time.

One may dwell beneath poverty's lowly roof, or live in mansions of brick. They'll find a friend in Rocky Mountain Tea. It rids life of its burdens. Smith's Pharmacy.

Mr. and Mrs. W. F. McCaughey and Miss Amelia Harrington left Wednesday for Chicago. From there they will go on a lake trip to Macinac and Georgian Bay. They will be absent about ten days.

AFTER BICYCLISTS.

Pedestrians Complain of Actions of Mounted Riders at Night. Considerable complaint is being made by pedestrians in regard to the way bicycle riders are monopolizing the sidewalks. They ride on them by day and at night. Come along without either light or bell and sometimes are quite indignant because they are not given the whole sidewalk.

There is a city ordinance against riding on the sidewalk and against being without a bell by day and a light by night.

This ordinance has come to be regarded in the same light as numerous other ordinances and it will be necessary for the police to make some arrests for its violation in order to bring it forcibly to the attention of the law breakers.

Century Club Meets: The Century Heart Club met Thursday afternoon at the home of Mrs. Charles Garbutt, and had a pleasant time playing their favorite game. The honors went to Mrs. E. J. Schumley, Mrs. John McCue and Mrs. Ed. Connors. Choice refreshments were served during the afternoon by the hostess.

Injured Man Improving: Edward S. Home, who had his foot badly injured some time ago by having a 3-12-16 foot plank fall on it, is improving slowly. The doctors think it will be some time before he is able to be about.

Meet Tonight: There will be a regular meeting of Canton Janesville No. 9, this evening and a full attendance is desired.

RULES AGAINST F. C. ANDREWS

Detroit Judge Refuses to Quash indictment and Orders New Jury.

Detroit, Mich., July 11.—Judge Murphy of the recorder's court denied the motion made by Frank C. Andrews' attorney to quash the information against him on the ground that it was faulty.

The judge also overruled the demurrer filed by the defense against the discharge of the whole jury panel. He refused, however, to be more specific in his reasons for discharging the jurors. Andrews' attorneys say this latter point will be carried to the United States supreme court as a violation of the constitution.

Judge Murphy ordered the jury committee to meet on Monday and drew talesmen to fill the places of the discharged jurors.

FIND MONEY HIDDEN IN JARS

Aged Farmer Left \$9,000 in Gold and Paper Currency.

Bradyville, Ia., July 11.—Several jars, containing over \$9,000 in gold and paper money were found in the rear of the home of Wesley Farrens, who died recently at the age of 86 years. Farrens had lived on the farm sixty-one years and at the time of his death an elderly daughter was his only companion. Besides the money found he left realty valued at \$25,000.

Five Firemen Killed.

Toronto, Ont., July 11.—Five firemen were killed in a fire which started in the old street car stables, now occupied by P. McIntosh & Sons, and spread to the wholesale hay and straw warehouse of Gadsby & McCann. These establishments were swept away in an hour's time. The firemen killed were caught in a falling wall. The total loss is \$550,000; insurance, \$100,000.

McKinley Memorial.

La Porte, Ind., July 11.—Bishop C. McCauley, acting president of the board of trustees of the Methodist-American university at Washington, has selected Rev. Madison Swadener of Grant county to raise funds to complete and equip the McKinley memorial building at the university. About \$250,000 has to be raised and the work will take about five years.

New Submarine Boat.

London, July 11.—The most formidable submarine boat afloat was launched at the Vickers-Maxim yard at Barrow. It is 100 feet long and tonnage 160. Gasoline is the motive power and it has improvements over other types of submarine vessels.

Money Shipped Westward.

New York, July 11.—The money movement to western and southwestern points continues. From \$1,000,000 to \$1,500,000 was shipped direct to Chicago banks and \$100,000 to New Orleans.

Delay in Opening of College.

Decatur, Ill., July 11.—Announcement is made that the opening of the new James Milliken university, set for Sept. 1, must be postponed one year because of inability to get the buildings done.

Don't be persuaded into taking something said to be "just as good" as Madison Medicine Co.'s Rocky Mountain Tea. There is nothing like it. 30 cents, no more, no less. Smith's Pharmacy.

WE KEEP THE QUALITY UP

JUST PLAIN, COMMON SENSE.

There may not be much literary ability displayed in our advertising. We do not believe in turning verbal "hand-springs" or summersaults to attract the attention of our buying public. But we do believe in using common sense in our announcements. There is a velp of common sense in most folks; to reach that vein is what this store is after, and we try to reach it by talking clear, straight-from-the-shoulder facts concerning our methods; merchandise and prices. Sometimes we hit, sometimes we miss, but we aim to hit every time. When we miss the loss is as much yours as ours. Do these values hit?

A Great Cut in Waists...

The time has come to reduce the stock of SHIRT, WAISTS. To accomplish it we quote PRICES below that smack of BARGAINS pure and simple. The word BARGAINS is used here in its TRUE SENSE. The News From County Towns.

BRODHEAD.

Brodhead, July 10.—On Sunday, July 6, 1902, at the home of the bride's parents, in Durand, Ill., by Rev. Collins, occurred the wedding of Mr. Winslow W. Bucklin of this city and Miss Orpha Bliss, of Durand. The groom is the son of Mr. and Mrs. R. J. Bucklin and is a young man of sterling character, good habits and counts his friends by the score. While we have not the pleasure of an acquaintance with the bride we are informed that she is a young lady of culture and refinement and popular with a large circle of admiring friends.

That they only have clouds enough to make a silver lining through their life's journey is the wish of Brodhead friends.

Messrs. William Schempp and Tally Amerpohl received a message Tuesday morning from Mrs. Schempp announcing that she had arrived in Janesville with Arthur and would arrive in Brodhead on the 11:17 train. Arthur stood the trip better than expected and really seems to be better. We hope he may rapidly recover. He was removed from the train to his home in a cot.

Mr. Waldo Luchinger formerly a brakeman on the Albany branch of the C. & M. & St. P. Ry. but now running between Davis Junction and Milwaukee spent the Fourth at his home in New Glarus and was here for a short time on Monday.

Mr. Will Stradon was a passenger to Madison Thursday evening last. Thursday afternoon from a Darlington visit.

Miss Edith Kiselien went to Monroe on Thursday last for a few days visit with friends.

Dr. Will Lyons and wife of Watertown, arrived in Brodhead last Saturday morning for a home visit.

Miss Edith Evans who has been the guest of her parents for a fortnight returned to Chicago on Saturday last.

Mrs. Pharras Nolt and two daughters left for Elkhorn Thursday to remain a short time the guests of friends.

Messrs. Ashley and Russell Hartman were passengers to Chicago Wednesday morning.

Misses Pearl Christman and Maggie Bucklin went to Freeport Wednesday with Mr. and Mrs. Sam Slick.

Miss Maggie Moore returned from a visit to Monroe Monday morning. Mr. Fred Rehberg arrived in this city Wednesday morning from Rishland Center.

Mr. Lou Amerpohl, of Bawdle, South Dakota, came Wednesday noon with Mrs. Schempp and Arthur.

Mr. Hamp Fleck came out from Milwaukee to spend the Fourth and remained until Monday. He likes his work there and enjoys it very much.

Dr. and Mrs. Stair, son Jay and daughter Honor, of Evansville, with Mr. and Mrs. John Lindley of Ontario, California were guest for a few days of this week of Mrs. H. Stair and family.

A. B. Comstock, residing near Albany had nine head of cattle killed by lightning during Sunday night's storm. Stephen Ruegger residing a mile and one-half north of Albany had his barn struck by lightning and partly damaged by fire.

Dr. J. B. Richards and little grandson Master Frank Nuyum, left Tuesday for Portland, Maine, for a vacation of some six weeks. Dr. Richards goes to visit places and scenes of his boyhood. We know he will enjoy himself and we wish a safe return to both.

MILTON.

Milton, July 10.—The following is the list of players in the Milton ball team who are to go up against Lake Mills here next Monday. F. Alken, Cal. Broughton, W. S. Holmes, Wayne Whitbur, J. F. Whitford, J. Vanderwalker, J. F. Whitford, J. Vanderwalker, Fred Blakely, L. Wurf, Harry Hinkle and others.

Miss Margaret Hudson, of Madison is the guest of Milton relatives.

The exhibition given by the La Follette element in the assembly convention of the first district at Janesville on Tuesday gave the republicans of Rock county an object lesson in the brand of reform that the governor and his henchmen are attempting to hold on the state. It was a performance that disgusted everybody who is not a blind follower of the dictator and will be remembered long after the idol worshippers have gone in to a deserved political oblivion.

The Salvation Army closed their work here Tuesday evening with a lecture by Major Glen and moving pictures from the Passion play. The major and his comrades have made a very favorable impression during their visit and Milton people will be glad to have them come again.

Mrs. W. G. Towns sent left Wednesday for Grand Marsh to engage in evangelistic work.

Byron Wood went to Gentry, Ark., Wednesday.

Mrs. C. M. Leonard and Miss Belle Leonard have gone to Stillwater, Minn., to visit relatives.

Rev. G. W. Hills and Mrs. U. S. Griffin of Nortonville, Kan. were in town Thursday.

The annual meeting of the Board of Trustees of Milton College was held Wednesday night. Rev. A. L. McClelland, A. S. Maxon, M. D. James Mills, M. D., W. H. Ingraham and Pres. Daland were among the new members elected.

EMERALD GROVE.

Emerald Grove, July 10.—Quite a number attended the picnic held in Boynton's woods on July 4. Rev. S. G. Huey addressed the people and after the races, base ball was played between the unmarried and married men, the latter winning the game. Twenty-five gallons of ice-cream were sold during the day.

Hazel Ransom and Priscilla Fitch left on Monday for Chicago where they will spend a few days with May Barless.

WHAT OSTEOPATHY CAN DO.

Rheumatism—Mr. K.—aged about 55, suffered with rheumatism, stomach trouble and pain up the costal end of the ribs; could not walk to the office two blocks with out resting. I found a posterior condition of the 6th to the 8th dorsal, also the lumbar and the angle of the 6th to the 10th ribs left side down. After month he was entirely relieved of former troubles and was able to chore about his home more than for years.

Acute Articular Rheumatism—Mr. S.—aged 21, acute articular rheumatism in left knee and right shoulder and neck. Was suffering intense pain, could not bear the weight of the bed clothing to leg. Three treatments entirely relieved him.

Sciatica—Mr. Y.—a young man came to my office with sciatica; had been taking medicine with no relief. One treatment took the pressure off the sciatic nerve and the young man went about his work.

Constipation—Mr. L.—cashier of a bank, and used enema daily for three years, as medicine had lost all effect on him. One week's treatment gave him permanent relief of his troubles.

Constipation—Mrs. X—case of constipation of seven years' standing. It took about two weeks of work on the spinal nerves. The case was relieved.

Don't Marry.

Almost everybody remembers the celebrated advice of the London Punch, "To those about to marry, Don't." There is in that advice the expression of the feeling of many a mother who says, "I hope my daughter will never marry and suffer as I have."

In ninety-eight cases in every hundred there's no need for this suffering. Doctor Pierce's Favorite Prescription cures the womanly diseases which cause wifely misery. It dries encrusted drains, heals inflammation and ulceration and cures female weakness. It invigorates the womanly organism, tranquilizes the nerves and gives the mother strength to give her children.

"Do not allow an unscrupulous dealer to sell you something in place of 'Favorite Prescription,' claimed to be 'just as good.' There is nothing just as good for women as 'Favorite Prescription.'"

"I am so pleased with your instructions, I hardly know what to say to you for your kind favors," writes Mrs. M. H. Bryant, of Lota, St. Thomas Co., Ga. "You can publish my few statements to the world, hoping all suffering women will know and be healed. I suffered so much with great pains in my back and the lower part of my stomach and palpitation of the heart, that at times I could hardly lie down, and could hardly get up in the morning, but after using three bottles of 'Favorite Prescription' and two vials of Dr. Pierce's Pleasant Pellets, I feel like a new woman."

Dr. Pierce's Pleasant Pellets cure sick headache.

ATHLETIC GIRLS HAVE A PICNIC

MRS. DAY'S CLASS CELEBRATE

Spend the Day Pleasantly at Idlewyld Park, and Bar Men and Skirts.

Unique in every sense of the word was the picnic held yesterday by Mrs. Janet B. Day's physical culture class of young women at Idlewyld park. All men were barred and the girls had the woods practically to themselves.

Stately trees, which probably have seen the conventions of polite society defied before, were certainly treated to a novel experience yesterday. Under their leafy branches twenty athletic young women, clad in blouses and bloomers of their gymnasium class room, gave unusual exhibitions of physical endurance and skill. Even the leafy branches themselves were invaded by the merry, laughing crowd of girls whose ambitions were too lofty to be confined to the ground and who found the keenest pleasure in the unaccustomed pleasure of "shinning" up the trunks of the great trees which line the river bank.

Athletic Sports
It was fitting at a physical culture class picnic that the greater part of the day should be devoted to athletic sports and the merry makers certainly lived up to the opportunities and freedom of their bloomers and absence of skirts. There were contests in the bowling alley, a program of races, long rows on the river and tramps through the woods. Some of the party were rowed across the river and then walked back to the park by the way of the four mile bridge, a walk of over two miles.

Conventional Side
There were more conventional pleasures also. Some little time was devoted to reading books in the shade of the trees and much amusement was caused by fortune telling. Many views of the river and the party were taken by the kodak flens.

Record Breaking Appetites
Then there were the picnic spreads of the most elaborate kind, both dinner and supper being served on the broad front porch of W. H. Merrill's cottage. The array of eatables was delicious enough to tempt the palate of the most critical and added relish was given by the keenness of appetite for which the out-of-door exercise was largely responsible.

The party was chaperoned by Mrs. J. B. Day. They left the dock in this city at ten o'clock in the morning and returned at 8 o'clock in the evening, the return home being preceded by a pleasant excursion up the river.

To Go Into Camp
It was a day of pure wholesome pleasure and so keenly was it enjoyed that Mrs. Day and the members of the class have decided to go into camp at Idlewyld for a week during the month of August.

Dental Announcement
I desire to announce that at last I am able to do dental work painlessly. I have secured an outfit whereby I put the nerves of the face to sleep while the drilling is being done. No feeling in the face. No pain in filling teeth hereafter. This is the very latest discovery in the science of dentistry and I have the only outfit in Janesville for this work. Don't suffer in the old obsolete way in having your teeth filled. Call and let me demonstrate to your perfect satisfaction that this is the truth. Dr. F. T. Richard's office is over Hall, Sayles & Fiffeld's. "In testimony that Dr. Richard's testimony is true will state that today he opened into a live nerve for me and extracted it and filled the root absolutely without pain or shock to me. I give this testimony because I am grateful for the freedom from pain which his modern appliances, coupled with his skill have given me."
Signed: Lawrence Kinney, La-Prairie.

MISS NASH ENTERTAINS

Gives A Six Handed Euchre Party At Her Bluff Street Home
Fifty young society women were the guests of Miss Helen C. Nash at a charming euchre party given at her home, 252 West Bluff street, yesterday afternoon. Roses and carnations in profusion beautified the spacious home and all the appointments for the entertainment of the guests were perfect. The afternoon was devoted to playing six-handed euchre and the prize, a handsome cut glass alive dish, was won by Mrs. H. H. Bliss.

Luncheon Served
An exceptionally dainty luncheon was served faultlessly. Miss Nash being assisted by Misses Mabel Jackson, Helen Fiffeld, Catherine Fiffeld, Mabel Lee and Janette Ford. After the departure of the large company of guests Miss Nash entertained her assistants and a few personal friends, who were unable to attend the afternoon party at an informal spread.

Both young people are well-known throughout the county and they will have the best wishes of a large circle of friends.

MAD DOG SCARE AT KOSHKONONG

THE ANIMAL BITES CAMPERS

Excitement Is Caused, and Mr. Spaulding and Miss Richardson the Sufferers.

Quite a little excitement was created last Sunday at the Carzajou club, lake Koshkonong, by a dog belonging to V. P. Richardson, one of the club members, biting one of his children and Mr. E. E. Spaulding, of the club. The dog had been acting strangely all day and on account of there being so much hydropobia around the country they all concluded that he was mad. A telephone message was sent to Edgerton to Dr. McChesney. He advised them to wash the bites at once with carbolic acid and take no chances. It was found that there was no carbolic acid about the place, so Mr. Spaulding telephoned to Thompson, the liverman at Edgerton, to get a bottle of carbolic acid and drive over to the club with it. Just about this time the hard storm that had been threatening broke loose.

Drove in Rain
The liverman had started just before this on his long drive to deliver the acid. The storm was so bad at times that he had to stop at houses on the way for shelter. Finally about twelve o'clock at night he reached the club house and the bites were doctored up.

Thought Dog Had Collie
The next morning Mr. Richardson, the father of the little girl that was bitten heard of the case. He at once secured a veterinarian and started for the club to make an investigation and see if the dog had the rabies. The dog was still alive when they reached the club grounds, but he appeared to be in great agony. The veterinarian gave the dog a dose of medicine that quieted him, but he died a short time afterwards. He was of the opinion that the dog did not have the rabies, but had eaten something that had poisoned him and put him in great pain, so that he snapped at anyone that came near him. A close watch will be kept on the two that were bitten, but no serious results are anticipated.

Not Reported
State Veterinarian Roberts said that the case had not been reported to him, but that he would investigate it, as there had been so many mad dogs around the lake, that the dog that bit the people might have been bitten by one of them.

Fright in City
People in the Third ward living in the vicinity of Milwaukee and Rucker avenues are quite stirred up over the fact that a dog that has been acting very much like he was afflicted with the rabies, has been running around for several days. He has not yet bitten anyone, but might if he had a good chance.

Tried to Kill It
Efforts have been made to shoot him, but they were unsuccessful. One man had a pretty fair shot at him, but got rattled and missed him. He thinks that the next time he gets a chance to shoot the animal that he will take better aim.

E. D. Roberts left this morning for Middleton in answer to a call stating that several cases of rabies had been discovered among the cattle in that vicinity.

Miss Myrtle Ayrand, who has been visiting Mrs. Frank Moses for a week past, departed this morning for Juda, Wis., where she will visit relatives before returning to her home in Freeport, Ill.

He Writes Dr. Mills That He Will Visit Janesville on His Way West.

Janesville friends of Francis Murphy, the great temperance apostle, will be pleased to learn that he expects to visit this city next month. The following personal letter written by Mr. Murphy from Johnstown, Pa., on July 9th, to Dr. James Mills, will be read with interest by his friends who have a special corner in their hearts for the founder of the blue ribbon movement and the organizer of the Francis Murphy Temperance league of this city:

"My Dear Doctor Mills:—I have just returned to Johnstown from Los Angeles where I have been for some time as you know. I am now visiting my sons and having one of the most delightful times of all my life. I expect to return to California the second week in August and have promised myself the pleasure of stopping over and seeing the boys, for whom I have the greatest love and admiration. You will give them my love and accept all that you wish for your own good self. God be with you. Yours in heart, Francis Murphy."

At present Mr. Murphy is visiting his sons, Robert S. Murphy and Thos. E. Murphy, who are associated together as one of the prominent law firms of Johnstown, Pa. Mr. Murphy will be given a cordial welcome when he visits Janesville.

RAILWAYS ARE STILL ON TIME

THERE IS NO DELAY SO FAR

Local Merchants Report That the Strike Has Not Injured Business Here.

The report of the grocers and commission dealers today is that their goods have come through from Chicago in more nearly the full quantity of their freight orders than any day since the beginning of the freight handlers' strike. Practically no fruit or grocery goods have been shipped by express today.

The great fear of the dealers at present is that the teamsters will join forces with the freight men and make the reinforcements that are being brought in by the railroad companies of no avail. Only a couple of cases are told of where goods have been shipped and the bill received but no goods.

On the C. M. & St. P. R. R. none but the regular freight trains went through last night and none of the extras that have of late filled up the yards every night.

YATES PROTECTS NEGRO CITIZENS

Orders Militia to Eldorado to Maintain Peace and Order.

MOB ATTACKS PASTOR'S HOUSE

Thirty-six Shots Are Fired Into the Dwelling and Many Stones Thrown—Rev. Green Replies With a Shotgun, Wounding One.

Springfield, Ill., July 11.—Governor Yates has ordered state troops to Eldorado to protect colored citizens there from persecution and assault. This action was taken upon receipt of a letter from A. P. Green, pastor of the African Methodist Episcopal church at Eldorado, in which Green described an attack upon his house by a mob, and in which thirty-six shots were fired into the house and many stones thrown. Green replied with a shotgun, and believes he wounded one member of the mob.

Theodore Ewert, assistant adjutant general, has been placed in charge of the situation at Eldorado. Gov. Yates deciding to relieve Sheriff Baxter of further responsibility.

After ordering Col. Ewert to Eldorado, Capt. Satterfield of company F, fourth infantry, located at Mount Vernon, was ordered to report to Col. Ewert there with a detail of sixteen men chosen from his company.

Gov. Yates refused to discuss his action, which is the result of his criticism of Sheriff Baxter a few days ago.

Baxter Hits Back.
An open letter to Gov. Yates from Sheriff Baxter was received. The sheriff states that he feels it imperative to vindicate the fair name of Saline county and justify himself in the eyes of the public. He says:
"If in doing so and a plain statement of facts convicts your excellency of mendacity, there is no citizen of the state who regrets it more than I do."

He states that on June 17 he received a telegram from Gov. Yates asking for information and that he mailed the particulars at once. He received a letter from the private secretary of Gov. Yates on June 18, acknowledging the receipt of this letter. Sheriff Baxter further says:

"I am satisfied that if any rocks were thrown against the schoolhouse they were thrown by Alston himself for the purpose of arousing sympathy throughout the country in his favor, and thereby enabling him to levy contributions from the credulous."

ATTACK ON MINISTER.
Volley of Shots Follows Negro Pastor's Refusal to Leave.

Carbondale, Ill., July 11.—Eldorado, in Saline county, is the scene of another outbreak against the colored people who have remained in the vicinity since the driving out of the faculty and pupils of the colored normal and industrial school and about forty of the colored residents. This time an attack was made on the home of the Rev. Peter A. Green, who is the pastor of the African Methodist church at Eldorado. A mob of over twenty-five went to his residence and began stoning his house. Gun in hand he went to the door and was confronted by the mob, who demanded that he leave, and that at once. He refused, and finally fifteen shots were fired. Green returned the shots, telling the mob he would never leave.

It is claimed one of the invaders was injured in the arm, but it is impossible to secure the man's name.

When the mob saw the colored man would not be frightened they dispersed, warning him of coming danger if he persisted in remaining in the vicinity.

HAS RECORD PENSION CHECK
Aurora Man Draws \$9,195 Back Pay for Civil War Services.

Aurora, Ill., July 11.—The largest voucher on record for a private pension was executed by H. A. Webb of this city. The amount is \$9,195.50, and is in favor of Byron L. Streeter of 156 Downer place, Aurora. Mr. Streeter has been blind for several years, but has only drawn \$12 per month pension. His claim has been re-rated so that he now gets \$72 and the large voucher is for back pay. Mr. Streeter served with the Thirty-sixth regiment, Illinois infantry, in the late civil war for a year and a half. During that time he participated in several battles and was once taken prisoner.

Another Feud Murder.
Flat River, Mo., July 11.—Frank Harris, while on a train near Dos Run, was shot and killed by "Bill" Dooley, and a large posse is looking for the murderer. The shooting is the result of an old feud between the two families, which resulted two years ago in the killing of two members of each family.

Two Die in Mill Explosion.
Beattville, Ky., July 11.—R. D. Olinger and a boy named Combs were killed and Doug Pritchard was fatally

injured by the explosion of Olinger's sawmill. The mill was demolished.

To Use Tobacco Waste.
Trenton, N. J., July 11.—The Nicotine Manufacturing company, capital \$600,000, to manufacture nicotine and fertilizer material from tobacco waste, has been incorporated here.

Fire at Berne.
Berne, Switzerland, July 11.—Fire, partly destroyed the railway station here and threatened several neighboring hotels. The blaze caused a small sized panic among tourists and guests at the hotels.

Sails for the Antarctic.
London, July 11.—The antarctic steamer Morning, purchased by the Royal Geographical society as a relief ship for the Discovery, has sailed for Victoria Land.

Royalty to Live in Dublin.
Dublin, July 11.—The Irish Times asserts that the Prince and Princess of Wales will reside in Dublin a portion of each year.

REPRESENTATIVE SHOT DEAD

Missouri Democrat Quarrels With a Lawyer and Dies in Affray.

Mexico, Mo., July 11.—Rhodes Clay, Democratic representative of this county in the last legislature and nominee for re-election, was killed on the street here by Clarence Barnes, a young Republican attorney.

They had quarreled over business, and when they met began shooting at each other. It is said Barnes shot first. Clay was hit in the chest and the ball passed through his body. Barnes was also shot in the right arm. Clay attracted much attention in the last Missouri legislature with a bill separating state and local taxes.

Gen. Morgan Is Ill.
New York, July 11.—Gen. T. J. Morgan, corresponding secretary of the American Baptist Home Mission society and ex-commissioner of Indian affairs, is reported to be critically ill.

Germany Wants to Buy.
Lisbon, July 11.—A report is in circulation here that Germany has offered to purchase from Portugal a portion of the dependency of Macao, in China, for \$5,000,000.

Boy of Fourteen a Teacher.
Aberdeen, O., July 11.—Chambers Kendall, although only 14 years of age, has been granted a certificate to teach school by the Brown county board of education.

WINDOW GLASS MAKERS SEEK TO FORM COMBINE

Independent Manufacturers Are Invited to Co-operate With the Trust Concerns.

Cleveland, Ohio, July 11.—Window glass manufacturers from all sections of the country met here for the purpose of forming a combination and advancing prices. The meeting was called by the American Window Glass company. Several prominent independent manufacturers are reported at the meeting. It is said the latter are opposed to an advance in the selling price of window glass at this time.

The business during the past season was very prosperous. A committee was appointed to confer with the independent glass companies and other outside manufacturers not present to arrange for co-operation in regard to the time for starting fires, prices and wages for the coming year. It is suggested that manufacturers begin blast not later than October, for the season of 1902-1903, and continue not to exceed eight calendar months. The meeting adjourned subject to the call of the chairman.

REFUSES TO SEND THE MILITIA

Gov. Stone Declares National Guard Is Not for Police Duty.

Harrisburg, Pa., July 11.—Sheriff Gombert of Carbon county and the sheriff of Schuylkill county asked Gov. Stone to send the militia into their districts, as the striking anthracite workers were growing restless and beyond control. These sheriffs were asked for protection by the towns of Lansford, Tamaqua and Summit Hill, all in the Panther creek valley, and this, added to their own troubles led to the call for the militia.

Governor Stone, however, in view of the fact that the appeal was based rather on a fear of what might happen than of any marked disturbances that had happened, declined to send the national guard, asserting that such duties as the sheriffs had requested were police duties, and for this the state militia was not intended.

PORTO RICO IS IN GOOD SHAPE

Growth in the Island's Exports and Increase in Finances.

San Juan, Porto Rico, July 11.—Exports from Porto Rico to foreign countries for the fiscal year, ended June 30, increased 54 per cent over the total of such exports for last year; the increase in the island's exports to the United States was 48 per cent over the total for the last fiscal year. Sugar, tobacco and hats formed the principal articles of export.

The customs receipts for the last fiscal year reached \$300,000, and the balance from the insular revenues was increased by \$240,000.

HOUSES CARRIED OFF FOUNDATIONS

Floods at Des Moines Drive Thousands of People to Seek Safety.

FORCED TO MAKE ARRESTS

Police Warn Families to Leave Their Homes, but Are Compelled to Take the Obdurate Ones Away in Boats to Save Them.

Des Moines, Ia., July 11.—Over 5,000 people in Des Moines are homeless on account of the floods that have swept over the larger part of the city. The property loss is estimated at from \$200,000 to \$300,000, with no possibility of ascertaining the actual figures until the floods abate.

The following estimates of damage in Des Moines were made by the heads of the city departments, but are generally considered too low, inasmuch as every hour adds to the loss: Chicago Great Western bridge, \$25,000; other bridges, \$10,000; residences, \$125,000; railway losses, \$5,000; Des Moines Street railway company, \$5,000; boats and bathhouses, \$2,500; gardens submerged, \$3,000; loss to factories, \$25,000; other losses, \$10,000. Total, \$210,500.

The Ninth street Raccoon river levee gave way, inundating a large wholesale and manufacturing district, washing out switches, and doing damage aggregating \$30,000.

Houses Under Water.
Several hundred houses are partially under water and a few have been carried off their foundations. The worst part of the flood began Thursday morning, when the levees and dikes south of the city began to give way. The police were on the alert and hundreds of families in that vicinity were warned of the approaching danger. Most of them made their escape safely, but a few were obstinate and laughed at the men sent to warn them. As the waters began to lap around the outside of their houses they became aware something unusual was going on and began to leave. It was necessary to place some under arrest, however, and carry them away in boats to save them from drowning.

Thursday was a succession of floods in the different portions of the city. In the morning only a portion of the city south of the Raccoon river was under water. The new Clifton Heights addition, which lies along the Des Moines and just south of the Raccoon, was protected by a high dike and was thought to be safe. This addition comprises several hundred acres and about 200 houses costing from \$800 to \$2,000. A small break in the dike drove all the people from their homes and the water continued to rise all day until many of the houses newly built were standing in two feet of water.

City Gives Aid.
Where to put the sufferers from the flood is a matter of great concern to the city authorities. Many are camping out on the bluffs south of the city or are being accommodated in the houses that are out of reach of the flood. Three schoolhouses situated on the bluffs and the same number of churches have been thrown open.

The aldermen in the different wards affected are authorized to draw upon the city to furnish supplies to the sufferers, and none will be allowed to go without food and clothing. Subscription lists have already been started and several hundred dollars subscribed.

Another span of the Great Western freight bridge was washed out, and it will be several weeks before freight traffic can be resumed over the river.

The Des Moines race track was submerged. Two hundred horses in training there for the race meeting that was to open next week were removed. The race meeting has been abandoned.

Suspect Murder.
Edinburg, Ind., July 11.—Thomas Olmsted was found lying on the railroad track near the power house dead, with both legs severed from his body. Marks on the body indicate that he was murdered and placed on the track.

Buying Trotters for Japan.
Lexington, Ky., July 11.—Messrs. Sabl and Kishimabro of Tokio, representing the horse department of the Mikado's government, are visiting local stock farms. They will buy American thoroughbreds for export to Japan.

Shoots Wife; Kills Himself.
Rising Sun, Ind., July 11.—George Bradford met his wife, who had separated from him, on the street. He fired three shots at her and then shot himself in the head, dying instantly. Mrs. Bradford may recover.

Millionaire Drops Dead.
Missoula, Mont., July 11.—E. L. Donner, millionaire lumberman, merchant and banker, fell from his automobile, expiring instantly. He was a pioneer of Montana and member of the Republican national committee.

CARE OF BABIES IN HOT WEATHER

THEIR HEALTH IS IMPORTANT

Chicago Health Commissioner Tells of a Few Features of Summer Treatment.

Commissioner of Health Reynolds of the Chicago health department has issued a call for volunteer aid in the slum districts of Chicago. With his call he issues a circular on the great necessity of care during the summer months from a hygienic standpoint.

While they do not apply directly to Janesville mothers still there are facts in the list that they might do well to read. The pamphlet is the result of a careful study of the conditions among the poorer classes. Many of the trivial things that a mother never knew are pointed out and the object of the whole matter is to educate the masses to care for themselves.

"This inspection and relief service is not intended, except incidentally and in case of emergency, as a medical charity. Primarily, its object is the instruction of mothers, and those in charge of infants and children, in the hot weather hygiene of the young—their feeding, clothing, bathing, and care—with a view to the prevention rather than the cure of disease.

Secondly—but of equal importance—its object is the correction of sanitary defects and the abatement of nuisances prejudicial to the health of adults and children alike.

"For the first, the department circular on the 'Hot Weather Care of Infants and Young Children' is a fairly good guide. This circular, which is published in various languages, should not merely be furnished by mothers, but should be explained verbally by the inspector, with especial stress on the points which come under notice during the visit.

"For example: If any infant is found feeding from a rubber tube nursing bottle, do not be content with pointing out what the circular says on this disease breeding evil, but emphasize, illustrate, and explain until the mother understands and promises to abandon it.

"Practically teach the sterilization of milk, the preparation of infant foods, hot weather clothing, the benefit of comparative nakedness during the heat of the day, bathing, and the use and necessity of pure water, internally as well as externally, and how to sterilize hydrant water for drinking purposes.

"Inquire, especially, as to the milk supply; personally examine its quality. Give needed advice as to treating and keeping it, and report name and address of milk dealer whenever in doubt as to the relation of milk to existing sickness."

NEWS OF THE CITY IN BRIEF.

Y. P. S. Excursion: The excursion and dancing party given up the river last evening by the Y. P. S. of Trinity church, was well patronized.

Y. M. C. A. Wins: The Y. M. C. A. Junior baseball team and the Trinity choir boys met near the four mile bridge Thursday morning. The result was 12 to 4 in favor of the Y. M. C. A. boys.

Foundation Finishes: Contractors G. A. Johnson & Son, who are building the new St. Paul passenger station have the foundation almost finished and the first course of Bedford stone is being placed in position on some portions of the work. Mr. Halsted, carpenter foreman, arrived this morning and will put on a force of men to work getting out the timbers for the structure.

Program Tonight: The weather permitting the following program will be given by the Imperials in the Court House park this evening: March, Chicago, Marine Band; Overture, Don Quixote; Serenade, Cupid's Chorus; Waltzes, Wedding of the Winds; Characteristic, Echoes From Darkville; Medley, Down in Old Indiana; March, Fourth Reg't Band.

CORN PRICE DROPS TO 82 CENTS

Injunction Proceedings Talk Leads to a Lower Market.

Chicago, July 11.—Rumors that an injunction had been secured to restrain the clique of bull operators from Wall street from continuing its high-handed manipulations in July corn were circulated yesterday. The reports had the effect of breaking the price 5 cents. In the morning July corn advanced from 85 cents to 87 cents. No great interest was taken in the market, but traders were fearful that it had started up on its way to a dollar. In the last hour the price dropped a half cent at a time to 82 cents and finished there. This is 8 cents below the top price of Tuesday.

Not only were there reports that injunctions had been secured, but there were rumors that others would be prepared and applications made to the courts to-day. All depends upon the course of the bull clique in the market. If the price is let down no movement, it is said, will be made to restrain an illegitimate advance. If the price is put above the already fictitious value, however, it would not be surprising, traders say, to see that some of the countrymen had secured an injunction, as they have sold corn to arrive, and some of it is not graded contract, and they have lost money.

Editors on a Jaunt.

Houghton, Mich., July 11.—The steamer Peersa, carrying 100 members of the South Dakota Press association and their families, arrived at Houghton. She resumed her journey to Chicago, where the newspaper men will attend the summer meeting of the association.

Iron Workers Injured.

Pittsburg, Pa., July 11.—Fifteen men were burned, one fatally and eight seriously, at the Homestead works. A ladie filled with molten metal was being lowered into the pit, when the drum of the crane broke and the seething metal was thrown over the men.

RIVER MATE SHOOT FATHER AND SON DEAD

Patent Medicine Venders Threaten Steamboat Man, but He Gets the Drop on Them.

Davenport, Ia., July 11.—While the Diamond Jo steamer Dubuque was off Davenport Mate Daniel Breene shot dead Chris Leonidas, 60 years old, and his son, aged 25. The deck hands were thrown into a panic and for a few minutes there was intense excitement on the boat. The few passengers on the lower deck, where the shooting took place, hurried to places of safety, and as the five shots fired by Breene rang out the 200 passengers on the upper deck became greatly alarmed.

The shooting was the result of a dispute over the moving of some baggage belonging to Leonidas and his son, Mexicans, who had been selling patent medicine in Rock Island. After a few hot words, the Mexicans drew pistols and bowie knives, at the same time declaring they would kill Breene.

The mate drew his pistol and fired three shots into the elder Leonidas, and before the son could aim his pistol at Breene he had received two shots, resulting in instant death. The two bodies fell only a few feet apart. The boat put in at Davenport and the mate gave himself up. An inquest was held and Breene was acquitted, it being shown he had acted in self-defense.

Joseph Handredy will attempt a committee bribery investigation in Chicago today and will name the man whom he has accused, providing certain conditions are met by Alderman Fowler.

Postmaster Stillman of Milwaukee received a letter from A. E. Mills of Kempter saying that he wished a wife and desired the Milwaukee officials' aid in securing one.

The five-year-old daughter of Mr. and Mrs. Skobitz of Caledonia is seriously ill as the result of a dose of potato bug poison which was given to her by a sister who supposed it to be medicine.

Mrs. Fred Wilbur is home from a visit with her parents in Chicago.

MADISON THE 19TH

Golf Game Fixed At That Date At Their Request

In all probability the Golf match between the Maple Bluff club of Madison and the Sinissippi club of this city will be played on Saturday, the 19th inst. Instead of Thursday. They say they have several players that cannot get away on any day but Saturday and for that reason they want the date changed from the 17th to the 19th. Although there are several members of the home team that cannot get away on Saturday as well as during the middle of the week, the request of the visitors will no doubt be granted.

Clerical Chess Players.

"A considerable portion of chess players are clergymen," a minister said the other day. "If you doubt this consult in the newspapers and the weeklies the columns regarding the game and to chess tournaments. It will amaze you the number of Revs. and D. D.'s that you will come upon there. The seriousness of the game is what makes it so particularly attractive to ministers."

Disputing the Axiom

The time came at last when Mr. Oldboy could no longer make a pretense of covering the top of his head by combing a wisp of hair over it from one side. "This is a case," he said, looking at himself in the glass and sorrowfully surveying the wide expanse of bald crown, "in which the 'part' appears to be greater than the whole."

When to Start.

Major James B. Pond, of world-wide repute as a pilot of celebrities of the concert stage and the "lyceum," tells of a waiter, a Scotsman, of whom he once inquired the exact time to leave to catch the morning boat.

"Weel, I canna' tell ye jist whit time 'twill be; but, if ye'll leave five minutes afore ye see the steamer comin' roon the p'int, ye'll jist be in time to catch it, sir."

Why He Believed in Fairies.

W. B. Yeats, the poet, tells how once he argued with a Galway peasant who, a rare thing in Ireland, boasted he was an atheist. "But," said Mr. Yeats, "you believe in fairies?" "Fairies?" said the atheist. "Sure, fairies stand to reason!"

Trouble for Spanish King.

Among the other troubles of the young King of Spain is that of having a wife imposed upon him. The Royal Society of Matchmakers will attend to the business for him, so that he will have no trouble until after the wedding.

BAPTIST YOUNG PEOPLE MEET AT PROVIDENCE

Ten Thousand Delegates Hear Words of Welcome from State and City Officials.

Providence, R. I., July 11.—Delegates were present from every state and territory in this country and from Canada and Mexico when the Baptist Young People's Union of America met for their annual convention in this city. Nearly ten thousand delegates congregated in Infantry hall and at the First Baptist church for the opening praise service, which began at 9:30 a. m. The convention, which will continue until Saturday, was formally opened by President Chapman of Chicago.

Among those scheduled to speak are the Rev. Dr. H. F. Perry of Chicago, Professor J. M. Stiller of Chester, Pa.; the Rev. Dr. J. W. Weddell of Davenport, Ia., and the Rev. Dr. Russell H. Conwell of Philadelphia.

The opening sessions were devoted to addresses of welcome from state and city officials and committee members, and to responses. Governor Kimball extended the welcome of New England and Mayor Granger that of the city of Providence. The Rev. Curtis Lee Laws, D. D., of Baltimore, made the response.

May Not See Their Brides.

Among certain African tribes husbands are not permitted to look upon their wives. They live in huts apart, and only during the night are they allowed to visit their brides. This custom, which prevails in the neighborhood of Timbuctoo, is equalled in singularity by that in vogue at Futa, where wives never permit their husbands to see them unveiled until three years has elapsed since their marriage.

Motors In Porto Rico.

Porto Rico has a strong disposition to devote itself to practical matters. An automobile line for the benefit of tourists is making regular trips across the island from San Juan to Ponce. A plan is under consideration to place powerful automobiles, drawing trailers, on the same road for freight purposes. Many fine roads are under construction in the island and the slow bull carts hitherto used to carry freight will soon disappear.

Issues a Costly Catalogue.

A London firm has issued a catalogue of the goods it keeps for sale. It is an encyclopedia work in two handsome volumes of 880 pages, 68 in colors, size 10x12 inches and two inches in thickness. Its publication cost \$100,000.

Ripening Pineapples.

A New York dealer ripens pineapples for the market by artificial process. He puts them in a room heated to 110 degrees, and ordinarily three and a half of four days are required to thoroughly ripen the fruit.
